ALOHA

In a former cinema built in the roaring 20s – called Ceintuur Theater – now opens CT Coffee & Coconuts, a funky and fresh place for you to enjoy the buzzing energy of the city and breathe in the relaxing vibe of - what seems to be - your ultimate holiday break.

You'll notice CT Coffee & Coconuts is not just another coffee corner or bakery. That is because we form one big family with the people we work with. We love to create together. Many of our products are high quality and made together with local passionate people who love what they brew, bake or shake.

Enjoy the abundance of life, right in the heart of the city, where you'll experience your first sip of great quality coffee or fresh coconut juice.

The wines we have selected stand out by the natural way of winemaking. Minimum intervention in the vineyard let the grapes do the work in creating a fresh balance on the palate.

All of our natural wines are farmed organically in biodynamic vineyards which our partners Vleck and Zuiver have a foundational belief in.

Wines that feel like water and taste like grapes.. naturally.
